**Subject:** AB2121

To Whom it may Concern:

We are long time residents of Gualala, on the Mendocino coast. We have just become aware that there is a bill AB2121 that could have an extremely detrimental effect on the quality of life for those of us who reside here due to the severe restrictions on the use of the Gualala River to keep us in drinking water. We feel it is inappropriate to hold these hearings far from the folks who will be most effected by these regulations.

We urge the SWRCB in conjunction with the RWQCB to hold regional hearings on this matter.

We request the SWRCB postpone the closure of the public comment period from March 26, 2010, until a future date. In this regard we request a 90 day extension of the comment period.

In addition we request the SWRCB postpone the Public hearing on April 27, 2010, to a future time, subsequent to conclusion of regional hearings.

Thank you for your cooperation.
