

PERMIT TERM 43C – Reservoir(s) under DWR Safety of Dams Jurisdiction

Title: Outlet Pipe - Dams not Built under DWR Safety of Dams Jurisdiction

When Used: For unconstructed onstream reservoirs which will be under DWR Safety of Dams Jurisdiction regardless of the locality.

Term:

Permittee shall install and maintain an outlet pipe of adequate capacity in each dam as near as practicable to the bottom of the natural stream channel, or provide other means satisfactory to the State Water Resources Control Board, in order that water entering the reservoir which is not authorized for appropriation under this permit can be released.
