NOTICE OF CANCELLATION OF PUBLIC WORKSHOP

Merced Irrigation District under Investigation Order WR 2011-0003-EXEC

The Public Workshop was scheduled to commence on
Wednesday, August 3, 2011

in the Coastal Hearing Room – Second Floor
Joe Serna, Jr. Cal/EPA Headquarters Building
1001 "I" Street, Sacramento, CA 95814

The August 3, 2011 workshop to receive information relating to technical studies on the Merced River Hydroelectric Project is cancelled. The State Water Resources Control Board (State Water Board) has determined that a workshop is no longer necessary.

On April 26, 2011, the State Water Board issued a Notice of Public Workshop to receive information relating to technical studies called for in Investigation Order WR 2011-003-EXEC (Order) issued to Merced Irrigation District (Merced ID) regarding its Merced River Hydroelectric Project. The State Water Board later issued a Revised Notice that rescheduled the workshop to August 3, 2011. Merced ID has submitted study plans and data collection proposals that meet the intent of the Order. Merced ID has informed staff that it no longer sees a need for the workshop and due to the progress made to date to obtain the information requested in the Order, the State Water Board concurs.

Questions concerning this notice may be addressed to Ms. Jennifer Watts at (916) 341-5397, or at jwatts@waterboards.ca.gov.
