COUNTY:	Humboldt
RECEIVING WATER:	Telegraph Creek
PUBLIC NOTICE:	March 7, 2011
PROJECT STATUS:	Pending

PROJECT DESCRIPTION: The Resort Improvement District #1 (District) has proposed to construct a new water intake system to serve the community of Shelter Cove. The District currently diverts water using a concrete diversion dam and downstream point of diversion as authorized by State Water Resources Control Board Water Right Permit No. 16407. The new water intake system will allow for the future modification of the onstream dam to allow for adequate fish passage. Construction on the new water intake will begin during the low flows in the summer of 2011.
