Subject: Against increased water releases and thermal curtain

Dear Peter,

I am sure you have heard enough as to people opposed to the plan presented. I am curious as to why you the committee has not followed one of your own previous reports that suggested tree planting to reduce the heat gain in the river?

Subject: Tree planting along river?

Mr Barnes,

I would like to know why the previous report the water board put out suggesting tree planting as an option to reduce river water heat is being ignored?

Dave
