**Subject:** Lake Almanor

Dear Mr. Barnes,

Thank you for being cordial at the Town Hall meeting in Chester on February 11th regarding the proposed Thermal Curtain at Lake Almanor. I agree with all the speakers that night who discussed the negative impact to Lake Almanor regarding the flawed draft EIR. Please add me to the list of upstanding Plumas County residents who oppose the Thermal Curtain. I agree 100% with Supervisor Bill Dennison, who is extremely informed of the problems that would arise. Thank you and God Bless you and yours.

Respectfully,

Dave LaGroue
