Subject: HELP! Save Lake Almanor

My husband and myself grew up for the most part in Reno, NV.
My husband worked in the Coffee/Vending Services for many years.
We wanted to start our own business and knew that where we lived had too much competition for the service's we wanted to provide.
My husband grew up for all his childhood summers in Lake Almanor.
He loved those summers and of course we knew this is where we wanted to live.
Our Business provides so much for our rural areas.
We provide a Coffee/Office Vending and pretty much anything you need.

The Lake provides so much business for us.
People come to the Lake in the Summer & we are able to provide and exist because of them.
This is our town & home and livelihood.

Please let our Lake provide for all the small business's, community, church's, schools.

Thank you Victor & Linda Hursh
