**Subject:** No Thermal Curtain at Lake Almanor

Dear Mr. Barnes,

It is very disappointing that the Lake Almanor community has to continue the fight against the use of a Thermal Curtain at Lake Almanor. Why ruin one of the state's proven fisheries and scenic recreational areas for the sake of government compliance? Please listen to the residents and recreational visitors - no one wants or supports the use of a Thermal Curtain at Lake Almanor. Please reinvest more time to consider other alternative solutions that will not destroy a thriving ecosystem that we have here at Lake Almanor. NO THERMAL CURTAIN.

Sincerely,

Karl MacNair
