**Subject:** Lake Almanor

*Dear Mr. Barnes,*

*Under NO circumstances do I approve of removing cold water from Lake Almanor..... It is unproven technology that will RUIN a proven fishery at Lake Almanor. Surely there are alternative ways to cool downstream water. I am very upset that our government continues to shun the concerns of the people who live and recreate at Lake Almanor. Leave our lake alone! Do not ruin a great fishing and recreation area for the sake of government compliance. I will continue to fight the removal of Cold water, as it is a waste of money and another government intrusion into the lives of those who enjoy the lake. I ask you to please consider other alternative solutions that will have the support of the Lake Almanor community !!!!*

*Sincerely,*

*Jim Rizza
