

3/19/15

To Whom It May Concern,

STATE WATER RESOURCES
CONTROL BOARD
2015 MAR 23 AM 11:39

I am totally opposed to the
the proposal of the E & R that we
should install thermal curtains in
Lake Almanor and Butt Lake.

Why would you be willing to
destroy Lake Almanor's fishing and Resort
Area just to possibly improve the water
temperature in the Feather River Canyon.

Would you destroy Butt Lake's Trophy
Inlet. They could not live without
Cold water?

It doesn't make sense to ~~destroy~~
two areas just to possibly enhance another
area.

Please reconsider this action!

It could be disastrous. We're already
impacted by the lack of rain and snow.
Don't make a "bad" situation worse!

Sincerely, Shirley J. Vobril, Chester Resident
